5.1 **RESIDENTIAL ENERGY ASSESSMENT AND UPGRADE PROGRAM**

Overview:

In May 2009, the City Council approved a proposed spending plan for the City's \$719,000 in Federal Energy Efficiency and Conservation Block Grant funds (ARRA stimulus funds). The proposed spending plan included \$343,000 to provide free or subsidized residential energy assessments and simple efficiency device installations to Mountain View residents.

In early June 2010, the Council Environmental Sustainability Committee (CESC) and members of the community provided feedback on the objectives and structure for a residential energy assessment and upgrade program. Staff released a Request for Proposals (RFP) in mid-July for a firm(s) to design and implement such a program. Three proposals were received. Following careful consideration and evaluation of the merits of the methodologies offered by each of the proposers, staff has outlined for the Committee a

recommended approach for implementing an energy assessment and upgrade program.

Recommendation:

Approve staff's recommended approach to conducting residential energy assessments and upgrades.
